was crude at its best. We know it is the fashion to praise everything that is old, but it isn't fair.

OUR STATIONERY

is entitled to as much respect as that of Washington's time. It is just as good and infinitely more graceful and pretty. Cheaper, too, by a great deal. Want some?

H. J. BERTOLI AS SCULPTOR.

Will Cut Monument to "Caesar" Young,
New York Turfman.

One of the largest and finest monu-
ments ever cut from the best Barre
granite will be placed over the grave of
"Caesar" Young, the bookmaker for
whose murder Nan Patterson, the ac-
tress, was tried in New York. The
monument is being made on an order
given by Young's widow to a New York
firm, and is being executed by Harry
J. Bertoli, one of the leading sculptors
herabouts.

The Young monument was begun
more than two months ago, and it will
be three months more before it is ready
for shipment. It is from a design made
especially for Mrs. Young by a New
York sculptor. Its principal feature
will be the figure of a beautiful woman,
with bare arms around the base of
a broken column, against which she
bows in grief. The figure is a splendid
piece of work, and will be life size.

The monument will be nine feet six
inches in height, four feet six inches in
diameter, and five feet across the base
and will be cut from one piece of the
best Barre granite. The stone
weighed 28 tons.

Harry J. Bertoli, who is cutting the
figure in his shops at Pioneer Mills,
has a wide reputation as a sculptor.
He was the first Italian to take up
a residence in Montpelier, 24 years ago,
but there are thousands of that nation-
ality in that section today. Coming from
Carrara, he located in Montpelier soon
after arriving in this country, and has
become recognized as one of the most
skilled workmen of the state.

HARTFORD PAYING ITS DEBTS.

A Decrease of \$6,000 During the Past
Year — Tax of \$1.50 Proposed.

White River Junction, Feb. 27.—The
annual report of the Hartford town
auditors has been published and the fi-
nances appear to be in good shape.

The town's debt has been decreased
\$6,000 in round numbers during the
year, and the present indebtedness is
\$51,711.88.

Hartford is a no-license town, but
there has been a large number of ar-
rests the past year for intoxication,
nearly all being of non-residents who
got drunk in New Hampshire and came
here to get sober before returning to
their homes.

Including one quarter's due from the
state, the fees received in justice cases
aggregated \$1,684.40, and justices and
officers received \$1,315.48.

Of the towns in Windsor county,
Hartford continues to lead in the
number of schools maintained during
the year—26—and received the largest
amount of the state school tax ap-
portioned among the several schools of
this county, \$1,711.81.

Forty marriage certificates were is-
sued during the year; 112 births and
69 deaths were reported.

Highways, sidewalks, and sewers
cost \$5,132.27, and the poor department
expended \$2,547.12, including poor farm
expenses and salary of overseer of the
poor.

It is estimated that a tax of \$1.50
will be sufficient to meet expenses and
make a reduction of several thousand
dollars on the town debt next year.

A WATERBURY ENGAGEMENT.

son L. Wasson.

Waterbury, Feb. 27.—Mr. and Mrs.

ment of their daughter Pearl to Dr.
Watson Lovell Wasson, pathologist at
the Vermont State Hospital for the In-
sane.

The Saltcellar.

Long before plates or knives and
forks came into use the saltcellar was
common and indispensable at meals.
Homer sings praises of salt as a divine
gift to man, and Greeks and Romans
assigned to it a place of honor on their
tables. Among the wealthy golden
saltcellars were handed down from fa-
ther to son.

A Tonic for Old People

Adds Years to Life, Puts Life into
Years—Dr. Chase's Blood and Nerve
Food, the Great Blood and Flesh
Maker, Brain and Nerve Tonic

Keeps you from growing old by
keeping up your vital forces. When
the human machinery begins to wear
out, people grow old and go into de-
cline and decay, the blood becomes
thin and watery, the circulation poor,
and the nerve forces shattered and
weak, showing that certain essential
elements of life are being exhausted
from the blood and nerves. The ex-
haustion usually begins with cold and
numb hands and feet. The stomach,
bowels and bladder lose their power,
often becoming paralyzed, if not
wholly paralyzed. You grow weak
and feeble and your vital forces so
low that you begin to see that your
health is being undermined. Dr.
Chase's Blood and Nerve Food in-
creases the action of the heart and
the circulation of the blood, and
builds up the system by replacing the
same substances to the blood and
nerves that have been worn out.
Price 50 cents. Weigh yourself before
taking it. Book free.

Sold and guaranteed by E. A. Drown.

sold the fast trotting gelding Check-
mate, 2:10¼, a consistent performer at
the northeastern Ohio circuit meetings
in 1904, to Charles Ridgely of Spring-
field, O.

It is probable that an automobile rac-
ing circuit will be formed in New York
city shortly. Plans are under way to
have a circuit, with spring and fall
meetings, to extend from New York to
Denver.

TRAIN AND TRACK.

There are several wooden railways
in America. The rails are usually of
maple or a similar wood, and trains
are run over them with remarkable
smoothness at the rate of twenty-five
miles an hour.

A big snowstorm means much to the
railroads in the enormous cost of clear-
ing the tracks of the snowfall. The
figures of this winter's storms are not
yet available, but the snows of last
winter cost the railroads of the coun-
try the enormous sum of \$14,000,000.

While in a prophetic mood the other
day Senator Depew made this predic-
tion: "In ten years from now the
steam locomotive will be in the mu-
seum, while we will be carried along,
clipping the seconds off seventy-five
miles an hour, by electric locomotives."

A Noted House.

The house situated under the shadow
of the Lizard lighthouse, formerly oc-
cupied by Mr. Thomas Hart, the distin-
guished artist, is the southernmost
